### **About GROUPE AIRWELL**

*Founded in 1947 in France, Airwell is the leading French designer of heat pumps in the field of climatic and thermal engineering. A major operator, the French pioneer in heat pumps and then the leading European manufacturer in the 1970s, Airwell became Groupe Airwell in 2021. In a market driven by the energy transition, the company aims to become a leader in Europe, and a key player in climate and thermal solutions based on needs and uses on a global level, with presence in 80 countries. In 2022, the French developer of climatic and thermal solutions continued to develop in an effort to optimise the energy consumption of its products, protect natural resources and capture solar energy, thereby significantly reducing its customers' environmental footprints. Based in Montigny-le-Bretonneux (78), Groupe Airwell has 75 collaborateurs. In March 2023, Groupe Airwell became a member of the Communauté du Coq Vert run by Bpi France and ADEME.
